Re: Definition of "Private Residence"

Dear Jeff:

In regard to your December 2, 2004 letter, the NH Department of Labor sent a letter on August 17, 1994 to all lift companies clarifying that a private residence is "a separate dwelling or a separate apartment in a multi-dwelling which is occupied only by the members of a single family unit." Since, this was not clear enough, we have added further clarification that "a private residence is a single-family unit where there exist no contractual arrangements and where no compensation, lease, "room & board" or rent is paid by non-family occupants to the owner or leaser of the property."

If you have any question regarding the above, please feel free to contact this Department at (603) 271-2656.

Very truly yours,

Cynthia A. Flynn
Administrator
Inspection Division
