All-Ways Accessible Inc. ® currently stocks the 3 different models listed above. We stock these different models because we believe there is no one stair lift that meets everyone’s needs. And because we stock these models, our factory trained technicians can usually install them rather quickly, sometimes even the next day. Keep in mind that although the products listed here can meet the vast majority of people’s needs, if the case arises and something different is required, All-Ways Accessible Inc. ® has access to a dozen or so other makes and manufacturers.

Directions to the All-Ways Accessible Show Room
128 Hall Street, Suite F, Concord, NH 03301

From the North and South:

Route 93 (north or south), to Exit 12S; bear right off the ramp, which will put you onto route 3A heading south. At the next intersection (traffic light), take a left onto Hall Street. Travel a short ways and look for the Concord Business Center of your left. Turn into the park and take your immediate left, we are in building #28, Suite F. Look for our sign over the door!

From West:

Travel Route 89 West all the way to the end. At the intersection, go straight onto Hall Street. Travel a short ways and look for the Concord Business Center of your left. Turn into the park and take your immediate left, we are in building #28, Suite F. Look for our sign over the door!

From East:

Travel Route 101 West to Route 93 North. Follow the directions above for travel from North or South.
